FEATURED PROJECTS

US Title Series Website

<http://www.ustitleseries.net/>

This is a freelance project I managed start to finish and built with Rails for a boat racing club to allow for easy dissemination of information and to streamline the club's registrations and payment processes.

Tech: Rails, Paypal Express, Bootstrap, Heroku, Postgres, Sketch

Tuesdates

<https://tuesdates.herokuapp.com/>

Tuesdates uses the Yelp API to make restaurant recommendations based on a user search and send alerts via Twilio.

Tech: Rails, OAuth, Yelp API, Bootstrap, Heroku, Postgres, Sketch

EXPERIENCE

Turing School of Software and Design

8/2016 - 3/2017
